

(b) *BE-80 definition of financial services provider.* Except for Monetary Authorities (i.e. Central Banks), the definition of financial services provider used for this survey is identical in coverage to Sector 52—Finance and Insurance—of the North American Industry Classification System, United States, 1997. For example, companies and/or subsidiaries and other separable parts of companies in the following industries are defined as financial services providers: Depository credit intermediation and related activities (including commercial banking, holding companies, savings institutions, check cashing, and debit card issuing); nondepository credit intermediation (including credit card issuing, sales financing, and consumer lending); securities, commodity contracts, and other financial investments and related activities (including security and commodity futures brokers, dealers, exchanges, traders, underwriters, investment bankers, and providers of securities custody services); insurance carriers and related activities (including agents, brokers, and services providers); investment advisors and managers and funds, trusts, and other financial vehicles (including mutual funds, pension funds, real estate investment trusts, investors, stock quotation services, etc.).

(c) *Covered types of services.* The BE-80 survey covers the following types of financial services transactions (purchases and/or sales) between U.S. financial services providers and unaffiliated foreign persons: Brokerage, including foreign exchange brokerage services; underwriting and private placement services; financial management services; credit-related services, except credit care services; credit card services; financial advisory and custody services; securities lending services; electronic funds transfer services; and other financial services.

(d) *What to file.* (1) The BE-80 survey consists of Forms BE-80 (A) and BE-80(B). Before completing a form BE-80 (B), a consolidated U.S. enterprise (including the top U.S. parent and all of its subsidiaries and parts combined) must complete Form BE-80(A) to determine its reporting status. If the enterprise is subject to the mandatory reporting requirement, or if it is exempt

from the mandatory reporting requirement but chooses to report data voluntarily, it should either:

(i) File a separate Form BE-80(B) for each separately organized financial services subsidiary or part of a consolidated U.S. enterprise; or

(ii) File a single BE-80(B) representing the sum of all covered transactions by all financial services subsidiaries or parts of the enterprise combined.

(2) Reporters who receive the BE-80 survey from BEA but are not subject to the mandatory reporting requirements and choose not to report data voluntarily must complete and return to BEA the Exemption Claim.
